PARENTS WORKING IN THE CLASSROOM-RESPONSIBILITIES AND OBLIGATIONS

1. Classroom Mechanics & Philosophy Orientation Days (Mandatory for all adults participating in the classroom)

Two orientation days for Classroom Mechanics and Hilltop Philosophy are scheduled on Thursday, **September 8th** and Friday, **September 9th**, 2011 from 9:00a.m. to 1:30p.m. These are the days you will be learning the Hilltop philosophy and the physical set-up of the classroom. Any member unable to attend either of the Orientation Days will be required, **prior to their first work day**, to spend observation/orientation days at school from 9:00a.m.-1:30 p.m. If you are unable to fulfill your work days, your tuition will be increased by \$35 for each work day that is missed.

I have read and understand the two Orientation Days obligation _____ (initials)

2. General Meetings & Parent In-Service: (Mandatory for all adults participating in the classroom)

At Hilltop, Staff/Parent In-service serves many purposes. We strive to create a growth environment for children as well as adults. Our in-service will be integrated into our program in the form of workshops and speakers. It will cover such topics as active listening, limit setting, problem solving, child development and different ways young children learn. Our program uses the book, Parent Effectiveness Training (PET), by Thomas Gordon. Parent In-Service, for the most part, will be integrated into our monthly General Meeting (see below for schedule) and is mandatory for all adults participating in the classroom.

General Meetings keep our membership informed of Hilltop business. At some of the meetings a community speaker is invited to share information on subjects which will be of interest to our members. You must be present for the entire meeting to receive attendance credit. Our meetings are held the third Wednesday each month from 7:00 p.m. - 9:00 p.m. If you are unable to attend an entire General Meeting, you must make up the in-service aspect of the meeting by fulfilling "Shadowing" days and paying appropriate fines as outlined in section 2C of the handbook.

I have read and understand the General Meeting & Parent In-Service obligation _____ (initials)

3. Workday Requirements: (Classroom Participation Families)

Monthly work responsibilities- per each child enrolled

- 2-Day program- 2 workdays per month plus one alternate day
- 3-Day program- 3 workdays per month plus one alternate day
- 4-Day program- 4 workdays per month plus one alternate day

Alternate days: No more than one alternate (on call) day per month. In the event you are called into work on your alternate day, the parent you are replacing works your next scheduled workday; thus not increasing the number of workdays.

A working parent is expected to be at school no later than 9:00 a.m. on their workday to help set-up for the school day and to remain until 1:30 to help clean the classrooms and outside.

If something unforeseen happens the morning of your workday that prevents you from working or arriving at school on time, you will need to call the scheduling parent or appropriate person as soon after 7:00 a.m. as possible, but no later than 9:10 a.m. This is necessary for the consideration of other working parents and also to maintain the smooth functioning of our school day. Either the alternate parent or the emergency parent will be called into work as a substitute. You will then be notified as to

whether you will be working the alternate's next scheduled workday or paying the emergency fee of \$35 within one month.

If you do not notify the scheduling parent (or appropriate person) by 9:10 a.m., in addition to paying the emergency fee as stated above, you will also be scheduled for a make-up workday.

I have read and understand the General Workdays requirement _____ (initials)

4. Ways and Means (Fundraising) Obligations:

Five hours per year. This refers to you assisting with a preplanned fundraiser. There will be numerous opportunities throughout the year that you may select from to meet this requirement. An example would be manning a carnival booth for a couple of hours or making ribbons at home. A buyout for this obligation is available at \$300 (\$60 for each required hour).

I will complete this obligation _____ (initials) or I will buy out this obligation for \$300 _____ (initials)

5. Auction:

Each family is required to collect donations worth \$150 or more to be auctioned off at the school's annual Auction Fundraiser. In addition, each family is required to sell a minimum number of tickets to the event (typically four tickets), and sell a minimum number of raffle tickets (typically \$20 worth). A buyout for this obligation is available for \$300.

I will complete this obligation _____ (initials) or I will buy out this obligation for \$300 _____ (initials)

6. Job and/or Committee Obligation:

Each member shall hold a job or committee position during the entire school year (scheduler, librarian, president, maintenance committee, secretary, etc.). Upon payment of the registration fees, each member shall then select a position from the job list. The Vice-president has the job books, describing each position, which she distributes to each member accordingly. In addition, each member is responsible for keeping this book current and returning it to the Vice-president at the end of the school year, or upon their withdrawal from Hilltop. A buyout for this obligation is available for \$300.

I will complete this obligation _____ (initials) or I will buy out this obligation for \$300 _____ (initials)

7. Maintenance Obligations:

Two per year (one maintenance job in addition to one of the scheduled clean-up days). This refers to your actual improvement, repair or maintenance of Hilltop grounds or inventory when requested to do so by the Housing and Maintenance Chairperson. There will be numerous opportunities throughout each semester that you may select from to meet this requirement. An example would be painting some playground equipment or taking the vacuum cleaner to be repaired and returning it to school. A buyout for this obligation is available at \$250 (\$125 for each of the two items).

I will complete this obligation _____ (initials) or I will buy out this obligation for \$250 _____ (initials)
